* Language ability is the equivalent to that of students who have completed two to four semesters of college-level language study.

** If the student has already earned (from any source) 6 semester credits in the subject areas of humanities, social sciences/history, natural sciences or college mathematics, no credit will be awarded for successfully completing the general exam (identified as receiving elective credit only) in any of the subject areas listed above. For example, if the student has already earned 6 credits of humanities and he or she takes a CLEP general humanities exam, he or she will not receive any credit; if the student has only earned 3 humanities credits, he or she can be awarded an additional 3 credits for successfully completing the CLEP exam.

NOTE: Students may not duplicate a course for which credit has already been earned or in which the student is currently enrolled. Students must wait at least one year after the end of an audited course before taking the CLEP exam for that course. To register for a [CLEP](#) exam or for more information, contact UAF Testing Services at 907-474-5277. Cost is \$105 per test. Active military students may take the test for free on base or for \$25 through [Testing Services](#).
